RELEASE POLICY INFORMATION

Dear Partner,

You will find here an updated status for all the former products/releases linked to the OmniPCX Enterprise global offering:

- Alcatel OmniPCX Enterprises releases and its related applications,
- HW boards and miscellaneous items removed from the next catalogue,
- Former product migration (4300) no more supported in 2006.

REMINDER:

- Release **R3.2M** of OmniPCX 4400:
 - No more new nodes in R3.2M.
 - Phase-out since March '03 (**no more bug fixing**).
 - End of Life in March '04 (**no more technical support**).
- Release **R4.1.1**
 - Phase-out since Nov. '03 (**no more bug fixing**).
 - End of Life in Nov. '04 (**no more technical support**).
- Release **R5.0Ux**
 - Pre-phase out in March '04 (**new systems only limited to network nodes**)
 - Phase-out in Sept. '04 (**no more bug fixing**).
- Release **R5.0Lx**
 - Phase-out in Dec. '03 (**no more new systems**; only add-on remains possible)

To help you move your installed base to the current release of OmniPCX Enterprise, don't forget that some programs are already implemented, for instance:

- Migration packages to migrate towards R5.1.
- « Alcatel OmniTouch Unified Communication promotion in case of migration » (e-flash EF_155_101403).
- "Welcome to the world of Alcatel IPT" program in case of migration(see e-flash EF_166_110403).

See details on "Release policy information ed5" document located on the BPWS at the following address:
 Path: Sales & Marketing, OmniPCX Enterprise, Product Insight.
